## PROFILE

Currently working as a UI/UX Designer with front end web development capabilities for Level Bits LLC. With over 5 years of experience dealing with websites, I am looking for a new challenge in the design/development world.

## EXPERIENCE

### **UI/UX Designer, Level Bits LLC; Fort Wayne, IN 2015-Present**

As a contractor, I would receive various projects from leading the design of a mobile app to designing and developing a 20+ page website. I successfully launched several websites and still manage some today.

### **Freelance Web Designer; United States 2012-Present**

As a freelancer, I have come across many opportunities with companies across the United States. One of my most notable projects was Nexeo Solutions, LLC, a billion dollar company based out of Texas that I helped by making updates to their website with Einstein Marketing Concepts, LLC.

### **Web Consultant, Custom Insurance Marketing; Fort Wayne, IN 2013-2014**

I was in charge of up keeping the website and adding new features to it. I also did some print design for marketing flyers, and various other things around the office.

### **Web Consultant/Social Media Manager, AOC Financial; Fort Wayne, IN 2011-2013**

Here I built the company's website and social media channels. While managing both, I also did several print design projects as well.

## EDUCATION

High School — Self Taught Designer/Developer

## SKILLS

My most notable skill is the ability to take an idea from a client, design it in Sketch, and then create a pixel perfect site from those designs. My most advanced technologies include: HTML, CSS, Wordpress, Sketch, and GitHub. Some technologies I have used in projects include: JavaScript, jQuery, PHP, React, Hugo, SASS, and Adobe Creative suite.
